THE PRIME MINISTER

I am delighted to send a message of support for this year's Sigma Retail Pharmacy Conference.

I would like to take this opportunity to extend my congratulations on marking your tenth annual Conference. I am sure that this year's event will present a fantastic opportunity to celebrate and build on your first decade.

Community pharmacies remain at the heart of patient care and community wellbeing. I know there is great importance in ensuring the improvement of health in communities, helping individuals to live, work and travel with the best service. Sigma's mission to providing an exceptional customer experience in changing times is commendable and, I am sure, highly valued by many.

As we are in the midst of national change, I hope the Conference allows partners within the community pharmacy sector to discuss how to further shape their businesses for the future.

Let me wish you every success with this year's Conference.
